

Where on Earth can the average person get their hands on genuine space artifacts, ack up authentic astronaut autographs or even spend time with legendary moonwalkers? The Astronaut Scholarship Foundation's (ASF) 2010 Fall Astronaut Experiences & Memorabilia Semi-Annual Auction has all this and more. More than 60 space icons have joined forces to offer incredible experiences, personal memorabilia and autographed items all in the name of charity. Shoot for the moon with a Swiss flag flown aboard Apollo 15, tune into space jams with cassette tapes played aboard America's first space station, Skylab, or head out to launch with moonwalker Edgar Mitchell to view a Space Shuttle launch attempt. With such a stellar auction line-up, the non-profit ASF isn't letting any space go to waste. Online bidding begins September 16, 2010 and concludes September 25 at 5 p.m. For more information, or to bid, click here.
